

**HotZONE™**

**Restaurants**

**Radiant Optics, Inc.**

*"Providing Heat in the Cold"*

**APPLICATION SHEET**

**These HotZONE™ Aisle heaters with the IRLens™ provides Restaurants with these advantages for outdoor seating and waiting:**

- **Higher efficiency as more of the input energy is delivered as heat to the target**
- **Reduced energy due to rapid turn on off**
- **Lower life cycle cost**
- **Increase uniformity of heat distribution**
- **Sharp edge cutoffs that allow unique placement**
- **Quiet and dust free operation.**
- **Greater comfort for employees and customers**
